Custom Tags

FABRIC & FINISHING OPTIONS

Select materials and finishes according to sport, season, fit and budget.

Polyester Interlock

Lightweight team uniforms and sublimation printing.

Bird Eye Mesh

Breathable training and match-day kits.

Cotton / CVC

Casual T-shirts, polos and lifestyle apparel.

Fleece

Hoodies, sweatshirts and winter sets.

Softshell / Nylon

Jackets, outdoor layers and puffer styles.

Spandex Blends

Compression, leggings and gym wear stretch performance.

Choosing the right fabric

For sublimation kits, polyester-based fabric performs best. For casual wear, cotton blends give a softer retail feel.

For activewear, stretch and recovery are important. For jackets, lining, padding and shell fabric define the final feel.

SIZE CHARTS

Standard guidance for quotation and product planning. Custom charts are available.

Important: Measurements may vary by pattern and product type. Use your own tech pack for final production.
Sizes can be manufactured according to EU, UK, US, AU or your custom brand chart.

INQUIRY & ORDER WORKFLOW

A professional process for clear quotation, sampling and production.

01**Send Inquiry**

Product type, order quantity, fabric, colour, design, logo and destination.

02**Get Quotation**

Price, sample cost, production time and shipping option are discussed.

03**Approve Design**

Mockup, artwork, logo placement and size details are confirmed.

04**Sample / Pre-Production**

Sample or pre-production approval before bulk manufacturing.

05**Bulk Production**

Production starts after approval and agreed payment schedule.

06**QC & Shipping**

Final inspection, packing, documentation and dispatch.

For the fastest quotation, send:

product photos/reference - tech pack or sketch - logo/vector file - sizes - quantity - target delivery date
